J. Paediatr. Child Health (1998) **34**, 600–604

Subject Index

Aboriginal children
  excessive rates of mortality 63
  hospitalised: malnutrition, gastroenteritis and trypsinogen concentration 69
  otitis media in (Review Article) 487
Abstracts
  Australian College of Paediatrics Annual Scientific Meeting A1 (**34**:4)
  Royal Australasian College of Physicians Annual Scientific Meeting A1 (**34**:4)
aciclovir, use in herpes simplex virus infections (Position Paper) 9
acrodermatitis enteropathica, and zinc deficiency in breast-fed infants 97
adenosine in management of supraventricular tachycardia 53
adolescents
  assessment in residential psychiatry unit 267
  boxing and (Annotation) 311
  cannabis and brain function (Annotation) 1
  cataracts in insulin-dependent diabetes mellitus 179
  psychosocial aspects of cancer survival 120
  transition of spina bifida patients to adult health care (Preliminary Report) 414
  urinary excretion of calcium 226, 592
  use of aciclovir in herpes simplex virus infections (Position Paper) 9
adrenaline in neonatal resuscitation, mortality and neurodevelopmental outcome 551
aerosols in treatment of acute asthma 142
agammaglobulinaemia with a mosaic of ring chromosome 18, 92
alanine aminotransferase, suppression of elevated activity by vigabatrin 395
allergies
  immune response to food antigens following acute diarrhoea 229
  prevalence and risk factors in Hong Kong 47
Alper's disease, suppression of elevated alanine aminotransferase activity in liver disease by vigabatrin 395
alternative therapies, use by children with asthma 131
Amplatzer septal occluder, and atrial septal defects 369
anaemia
  effects of blood transfusion on haemodynamics in premature infants 444
  iron status and dietary intake in young children 250
anaesthesia
  effects of parental participation on behaviour 29
  need for paediatrician at Caesarean sections 241
antibiotics
  gentamicin, effect of dosage interval on toxicity 577
  hypersensitivity reactions in cystic fibrosis 325
  sore throats and (Annotation) 498
anticoagulation, oral, in congenital heart disease 563
apnoea, evolution of sleep-disordered breathing and sleep 37
arthritis, septic, *Citrobacter freundi* and *Haemophilus influenzae* type b 90
arthrogryposis multiplex congenita 518
Asperger's disorder, sleep characteristics and 528
  asphyxia, accidental, and breastfeeding in bed 418
aspiration, suprapubic, collection of sterile urine 460
asthma
  acute, treatment of 142
  alternative therapies and 131
  computer-assisted learning for parents of asthmatic children 127
  predicting readmission to hospital 534
  prevalence and risk factors in Hong Kong 47
atelectasis, postextubation, in neonates 147
athlete's heart, differential diagnosis 588
atrial septal defects, and Amplatzer septal occluder 369
attention deficit hyperactivity disorder
  adverse response to clonidine (Editorial Comment) 501
  benefits of Tai-Kwan-Do (Letter) 484
  child and parent perceptions of stimulant medication treatment 288
  clonidine overdoses and 508
  hypermobile joints and (Letter) 400
  synergistic effects of stimulant medication and parent-child relationship 391
Australian College of Paediatrics
  Annual Scientific Meeting Abstracts A1 (**34**:4)
  guidelines for funding of paediatric research by formula companies (Position Statement) 119
  policy statement on breastfeeding 412
  soy protein formula (Position Statement) 318
autism, sleep characteristics and 528

behaviour
  disorders, and clonidine poisoning 280
  neurobehavioural sequelae of closed head injury 363
  parental participation in day-case anaesthesia and 29
  problems in general paediatrics 245
  problems in preschool children 164
bioelectrical impedance, body fat estimation 22
birth defects, overview of infant characteristics 233
body fat estimation, comparison of clinical methods 22
body mass index, body fat estimation 22
book reviews 105, 206, 308, 403, 485
botulinum toxin, and dystonia in Leigh syndrome 480
bowel dysfunction, breath testing in cystic fibrosis 79
boxing, youth and children (Annotation) 311
bradyarrhythmia, and respiratory syncytial virus infection 199
brain
  boxing injuries and (Annotation) 311
  cortical malformations, and paediatric neurological morbidity (Annotation) 6
  function and cannabis (Annotation) 1
breastfeeding
  accidental asphyxia and 418
  Australian College of Paediatrics Policy Statement 412
  zinc deficiency and 97
breath hydrogen testing, and bowel dysfunction in cystic fibrosis 79
breathing, sleep-disordered, evolution of 37
bronchodilators, in treatment of acute asthma 142

Caesarean sections, anaesthesia and need for paediatrician 241
calcium, urinary excretion in Chinese adolescents 226, 592

cancer
psychosocial aspects of survival for adolescents 120
skin, children's understanding of sun protection behaviours 254
cannabis and brain function (Annotation) 1
carbohydrate malabsorption, and breath testing in cystic fibrosis 79
carbon monoxide, end tidal, in haemolytic disorders 447
cardiac tumour, in tuberous sclerosis 283
cardiomyopathy, differential diagnosis 588
cardiopulmonary resuscitation *see* resuscitation, cardiopulmonary
cataracts, in insulin-dependent diabetes mellitus 179
catheterisation, collection of sterile urine 460
chemoprophylaxis
in children with nephrotic syndrome (Review Article) 314
Pneumocystis carinii pneumonia and 477
chest X-rays, postextubation, in neonates 147
chickenpox in young children, direct and indirect costs 18
child care *see* day care
chromosomal anomalies
22q11 deletions and conotruncal heart defects 438
carrier identification in X-linked immunodeficiency diseases 273
chromosome 18 and agammaglobulinaemia 92
congenital malformations and 233
Citrobacter freundii, dual infection causing osteomyelitis and septic arthritis 90
click test, surfactant function and 544
clonidine
adverse response in attention deficit hyperactivity disorder (Editorial Comment) 501
overdoses, and attention deficit hyperactivity disorder 508
poisoning, and treatment of behavioural disorders 280
cognitive development, lead exposure and (Review Article) 114
cognitive function, cannabis and (Annotation) 1
communication between emergency departments and GPs (Letter) 591
computer-assisted learning, parents of asthmatic children 127
conduct disorder, early detection of (Letter) 101
congenital heart disease, low dose oral anticoagulation and 563
congenital malformations, overview of infant characteristics 233
conotruncal heart defects and 22q11 deletions 438
conversion disorder, with reflex sympathetic dystrophy, in twins 581
cortical malformations and paediatric neurological morbidity (Annotation) 6
costs of chickenpox in young children 18
coxsackievirus B, meningitis and myocarditis 196
cryptorchidism associated with meningomyelocele 44
cultural factors
behaviour problems in preschool children 164
child rearing and SIDS (Occasional Article) 320
cyclic vomiting syndrome 568
cystic fibrosis
antibiotic hypersensitivity reactions in 325
breath testing in diagnosis of carbohydrate malabsorption 79
glutathione S-transferase in detection of liver disease 335
musculoskeletal complications 467
nutritional management 170
postural drainage and gastro-oesophageal reflux 330

day care
direct and indirect costs of chickenpox in young children 18
immunisation rates and (Letter) 591
medication use in 183
record-keeping of vaccination status in centres 175
types of medication used in (Letter) 592
day surgery, effects of parental participation in anaesthesia on behaviour 29
depression, postnatal, and childhood sleep patterns 260, 263
desmopressin, oral, in treatment of nocturnal enuresis 151
developmental delay, cortical malformations and paediatric neurological morbidity (Annotation) 6
developmental disorders, in general paediatrics 245
dexamphetamine, in attention deficit hyperactivity disorder 288
diabetes, insulin-dependent, and cataracts 179
diarrhoea, acute, immune response to food antigens following 229
diet
iron status and intake in young children 250, 595
weaning practices and 513
dietary therapy
in cystic fibrosis 170
diphtheria vaccine *see* DTP vaccine
disability, education for children with (Personal Viewpoint) 220
domiciliary changes and SIDS 432
DTP vaccine
arousal from sleep and 349
immunogenicity and reactogenicity of booster dose 346
dystonia-dyskinesia syndrome, and glutaric aciduria type 1 302
dystonia, effect of botulinum toxin in Leigh syndrome 480

ecthyma gangrenosum, *Pseudomonas aeruginosa* infection 584
eczema, prevalence and risk factors in Hong Kong 47
education
for children with disabilities (Personal Viewpoint) 220
computer-assisted, for parents of asthmatic children 127
medical students, in paediatrics and child health (Annotation) 211
reducing the risk of SIDS (Review Article) 213
electric shocks, monitoring following 474
electrolyte solution, oral, effects of freezing (Letter) 103
emergency departments
communication with GPs (Letter) 591
management skills of paediatric trainees 306
shortcomings in psychosocial history taking 188
encephalitis, mycoplasma-associated (Letter) 305
encephalopathy, glutaric aciduria type 1 and 302
enuresis, nocturnal, oral desmopressin treatment 151
epidemiology
bacterial meningitis (Annotation) 109
childhood asthma, rhinitis and eczema 47
epiglottitis, acute (Letters) 306, 593
epilepsy, cortical malformations and paediatric neurological morbidity (Annotation) 6
ergometrine overdose in newborn infant 83
erythroblastopenia, transient, of childhood 299
evidence-based medicine (Personal Viewpoint) 14

farm and tractor-related fatalities 139
foods
allergies following acute diarrhoea 229
infant, isoflavone content 135

formula
companies, guidelines for funding of paediatric research by (Position Statement) 119
isoflavone content of 135
soy protein (Position Statement) 318
funding, guidelines for funding of paediatric research by formula companies (Position Statement) 119

gastroenteritis
in hospitalised Aboriginal children 69
non-typhoid *Salmonella* 387
gastrointestinal infections, *Pseudomonas aeruginosa* 584
gastrointestinal manifestations of Henoch-Schönlein purpura (Review Article) 405
gastro-oesophageal reflux
and postural drainage, in cystic fibrosis 330
sleep patterns and 160
gentamicin, effect of dosage interval on toxicity 577
glutaric aciduria type 1, encephalopathy, dystonia-dyskinesia and 302
glutathione S-transferase in detection of cystic fibrosis liver disease 335
growth
hormone deficiency, short stature and 571
guidelines for the funding of paediatric research by formula companies (Position Statement) 119

haematoma
epidural, and stroller-associated injury (Letter) 402
subdural, with septicaemia in very low birthweight infant 296
haemolytic disorders, end tidal carbon monoxide in 447
haemolytic uraemic syndrome, *Streptococcus pneumoniae*-induced 192
Haemophilus influenzae
type b and acute epiglottitis (Letters) 306, 593
type b, dual infection causing osteomyelitis and septic arthritis 90
type b, geographic differences in meningitis (Annotation) 109
type f, and meningitis 95
haemorrhage, intraventricular
in premature infants 57
screening neonates for (Annotation) 112
head injury
closed, neurobehavioural outcomes 363
neurological deterioration following 202
hearing, screening of low birthweight infants 456
hemiparesis, transient, and transient erythroblastopenia of childhood 299
Henoch-Schönlein purpura, intra-abdominal manifestations (Review Article) 405
herpes simplex virus infections, use of aciclovir (Position Paper) 9
histoacryl, efficacy in repair of lacerations 548
history taking, psychosocial, shortcomings in a paediatric emergency department 188
hospitalisation of children with pneumonia 355
hypothalamus, MRI in thalassaemia 463

immune response to food antigens following acute diarrhoea 229
immunisation
against chickenpox, cost-effectiveness 18
DTP, arousal from sleep and 349
DTP, immunogenicity and reactogenicity of booster dose 346
prevention of infection in children with nephrotic syndrome (Review Article) 314
rates in child care children (Letter) 591
rates, and SIDS (Letter) 101
record-keeping of status in child care centres 175
status and measles immunity in young children 339
survey of coverage in children in NSW 342, 595
immunodeficiency diseases, X-linked, carrier identification 273
intubation, postextubation chest X-rays in neonates 147
intussusception, in Henoch-Schönlein purpura (Review Article) 405
iron status and dietary intake in young children 250, 595
isoflavone content of infant foods and formulas 135

joints, hypermobile, in attention deficit hyperactivity disorder (Letter) 400

laboratory tests, use in suspected sepsis 74
lacerations, comparison of repair techniques 548
lead exposure, cognitive development and (Review Article) 114
Leigh syndrome, effect of botulinum toxin on dystonia 480
liver disease
detection in cystic fibrosis 335
suppression of elevated alanine aminotransferase activity by vigabatrin 395
long QT syndrome and seizures in childhood (Annotation) 410
low birthweight infants
screening test for hearing 456
septicaemia and subdural haematoma in 296
see also premature infants
lumbar puncture, use in suspected sepsis 74

magnetic resonance imaging
body fat estimation 22
pituitary and hypothalamus in thalassaemia 463
malnutrition in hospitalised Aboriginal children 69
marijuana and brain function (Annotation) 1
measles, immunity and immunisation status in young children 339
medical students, education in paediatrics and child health (Annotation) 211
medication
stimulant, in attention deficit hyperactivity disorder 288, 391
types used in day care (Letter) 592
use in child day care centres 183
meningitis
bacterial, geographic differences in (Annotation) 109
coxsackievirus B 196
Haemophilus influenzae type f 95
use of lumbar puncture and laboratory tests 74
meningomyelocele, cryptorchidism associated with 44
metabolism, inborn errors of 302
methylphenidate, in attention deficit hyperactivity disorder 288
micropenis in preterm infants 471
migraine and motion sickness (Letter) 483
mortality
effects of neonatal resuscitation and adrenaline 551
excessive rates in Aboriginal children 63
farm and tractor-related accidents 139
motion sickness and migraine (Letter) 483
musculoskeletal complications of cystic fibrosis 467
mycoplasma encephalitis (Letter) 305
myocarditis, coxsackievirus B 196

nephrotic syndrome
paediatric, in New Zealand 360
prevention of serious bacterial infection in children with (Review Article) 314
neurobehavioural sequelae of closed head injuries 363
neurodevelopmental outcome, neonatal resuscitation and adrenaline 551
neurological deterioration, diagnosis of SSPE 202
neurological outcomes, following neonatal chest physiotherapy 60
nutritional management of cystic fibrosis 170

obesity, clinical methods for body fat estimation 22
oesophageal atresia, tracheomalacia and (Annotation) 209
osteomyelitis, *Citrobacter freundii* and *Haemophilus influenzae* type b 90
otitis media in Aboriginal children (Review Article) 487
otoacoustic emissions, transient evoked 456

paracetamol suppositories, absorption profiles 425
parents
computer-assisted learning and asthmatic children 127
effects of participation in day-care anaesthesia on behaviour 29
effects of stimulant medication and parent-child relationship in attention deficit hyperactivity disorder 391
perceptions of stimulant medication treatment in attention deficit hyperactivity disorder 288
post-traumatic stress disorder and 539
pelviureteric junction obstruction, relationship with age 384
penile length in preterm infants 471
pertussis vaccine *see* DTP vaccine
physiotherapy
chest, neurological outcomes in premature infants 60
positive expiratory pressure chest (PEP), in cystic fibrosis 330
phytoestrogens in infant foods and formulas 135
pituitary gland, MRI in thalassaemia 463
pneumococci *see* Streptococcus pneumoniae
Pneumocystis carinii pneumonia, prophylaxis 477
pneumonia
hospitalisation of children with 355
Pneumocystis carinii, prophylaxis 477
poisoning, clonidine, in treatment of behavioural disorders 280
post-traumatic stress disorder in patients and parents 539
postural drainage and gastro-oesophageal reflux, in cystic fibrosis 330
Prader-Willi syndrome, surveillance of (Letter) 398
pregnancy
antenatal steroids and condition at birth of preterm infants 377
influences on childhood sleep disorders 263
premature infants
antenatal steroids, condition at birth and respiratory morbidity and mortality 377
breast-fed, and zinc deficiency 97
effects of transfusion on haemodynamics 444
establishment of normal penile length 471
neurological outcomes following chest physiotherapy 60
retinopathy and 32
screening for intraventricular haemorrhage 57, 112
septicaemia and subdural haematoma in 296
ventilation techniques and (Letter) 401
see also low birthweight infants

preschool children
behaviour problems 164
renal tract abnormalities 420
symptomatic urinary tract infection 154
proptosis, aetiology of 374
Pseudomonas aeruginosa, gastrointestinal infections 584
psychiatry, assessment of children and adolescents in residential unit 267
psychosocial factors
adolescent cancer survival 120
history taking in paediatric emergency department 188
psychotherapy, parental, and attention deficit hyperactivity disorder 391

record-keeping, of vaccination status in child care centres 175
referral practices, paediatricians and speech pathology 451
reflex sympathetic dystrophy, with comorbid conversion disorder in twins 581
renal failure, nephrotic syndrome and 360
renal tract abnormalities in preschool children 420
renal tuberculosis 293
renal tubular acidosis, short stature and 571
research, guidelines for funding by formula companies (Position Statement) 119
residential mobility and SIDS 432
respiratory morbidity and mortality in very preterm infants 377
respiratory syncytial virus infection, bradyarrhythmia and supraventricular tachycardia 199
resuscitation, cardiopulmonary
(Editorial Comment) 500
effects of adrenaline on mortality and morbidity 551
outcome and predictors of response 503
staff training and 524
retinopathy
focal pigmentary 202
of prematurity 32
rhabdomyoma, in tuberous sclerosis 283
rhinitis, prevalence and risk factors in Hong Kong 47
ring chromosome, agammaglobulinaemia and 92
Royal Australasian College of Physicians Annual Scientific Meeting Abstracts A1 (**34**:4)

salbutamol in treatment of acute asthma 142
Salmonella infection, non-typhoid gastroenteritis 387
school children, screening health outcomes (Letter) 399
sclerosing panencephalitis, subacute (SSPE), diagnosis of 202
screening
health outcomes in school children (Letter) 399
hearing of low birthweight infants 456
for intraventricular haemorrhage 57, 112
seizures
and long QT syndrome (Annotation) 410
in tuberous sclerosis 283
septicaemia, with subdural haematoma in very low birthweight infant 296
skin cancer, children's understanding of sun protection behaviours 254
skinfold thickness, body fat estimation 22
sleep
arousal from and DTP vaccine 349
characteristics in autism and Asperger's disorder 528
childhood patterns and postnatal depression 260, 263
patterns, and gastro-oesophageal reflux 160

position, reducing the risk of SIDS and (Review Article) 213
sleep-disordered breathing and 37
smoking, reducing the risk of SIDS and (Review Article) 213
soy protein formula (Position Statement) 318
speech pathology, referral practices and waiting lists 451
spina bifida, transition of patients to adult health care (Preliminary Report) 414
stature, short, aetiological profile 571
steroids, antenatal, and condition at birth of premature infants 377
stimulant medication, in attention deficit hyperactivity disorder 288, 391
Streptococcus pneumoniae
haemolytic uraemic syndrome 192
prevention of infection in children with nephrotic syndrome (Review Article) 314
